

FOLLOW-UP SITE INSPECTION FORM

Inspector(s): Sandra Sequeira
Roger Evans
Andrea Grainger

Date: March 28, 2014
Site No.: 167340
Project No.: 308500
OGC Case No.: 09-0601

SITE INFO:

Site/Case Name: Palms of Terra Ceia Bay Community

Property Representative: Louis Lawman Owner/Responsible Party Present: Yes

Work in Compliance: Yes Can Case Be Closed: Yes

Comments: Arrived on site at 9:45 am and met with Louis Lawman, who took us to the mangrove restoration site adjacent the boardwalk to verify that Condition 3 of the Maintenance and Monitoring Actions found in Attachment C of the Consent Order OGC 09-0601 had been completed.

During the inspection it was observed that the restored mangroves met Conditions 3 (a) to (d) and that red mangroves were actively recruiting into the restoration. Also, no undesirable species were observed at the time of the inspection.

Recommended Actions: The site has reached its success criteria as defined in Attachment C of the Consent Order and therefore this project can be closed.

Additional Inspection Necessary: No

Estimated Date: n/a
